DAILY FREE DEMOCRAT.

OFFICIAL PAPER OF THE CITY.

Daily, Tri-Weekly, and Weekly.

S. M. BOOTH, : : : : : : : : EDITOR.

MILWAUKEE:

WEDNESDAY AFTERNOON, APRIL 28

FOR SALE,—The Type upon which this paper is printed—consisting of 500 or 600 lbs. of Bourgeois and some 200 lbs. of Nonpareil—very cheap for cash; to be delivered on or before the first of June. m20

Also, 200 lbs Long Primer, nearly new.

HUNG IN EFFIGY.—We regretted to notice, on Monday morning last, an effigy of the Governor of Wisconsin, suspended across Washington st. Whatever the people may think about the action of the Executive, relative to the Fox River Improvement, it seems to us that respect for the office, (if not the officer,) should prevent any such manifestation of the indignation which so generally pervades the public mind.—*Green Bay Spectator.*

We suppose we must take your word for it, Mr. Spectator, that you regretted to see the Governor hung in effigy. But if we were to judge from the tone of your editorials, we should say you were glad to see it. Men mad with excitement and lost to reason have acted as foolishly as the Green Bay folks have. But that is no proof that the object of their wrath was not in the right.—What a very devil Christ must have been, if we were to judge of him by the treatment he received from the pious Pharisees. The excitability of the Green Bay people explains the motions the Secretary of State went through, on the passage of Martin's bill.—Whenever, hereafter, we see a man jump up and down and halloo like a crazy man, and carry on "like all possessed," we shall conclude he belongs to Green Bay, or—Morgan L. Martin.

MARTIN SCRIP.—The Green Bay *Spectator* says:

"It is understood, from well authenticated sources, that William B. Astor, of New York city, (who is the owner of a large portion of the town lots in the South Ward of Green Bay,) will cash all the Improvement Scrip *at par*; so that there can be no cause to prevent a vigorous prosecution and speedy completion of the northern and most important section of the Public Works."

We hope we shall have no more complaints from that quarter. But we sort o' reckon, that when Mr. Astor sees the scrip, he will—look at it awhile.

SAD ACCIDENT.—On Monday last, while Reed C. Brazleton's children were at play three fingers of a little boy were accidentally cut off with an axe.—*Sheboygan Mercury.*

The *Mercury* does not state *whose* boy had his fingers cut off, but we *guess* it was Mr. Brazleton's.

☞ A boy had his face severely burnt at the hanging of Gov. Farwell and the illumination in Green Bay. How many of the citizens were burnt at the same time, can be better told two years hence.

MAYFLOWER AFLOAT.—The Mayflower is afloat, and only waits for the ice to move, to be towed up to Cleveland to complete her repairs.

☞ A little son of Dr. Bond of Sheboygan Falls, was missed on Tuesday of last week, and has not since been heard of. The boy—some two and a half years old—was last seen playing on the bridge across the river, and it was supposed must have fallen in. The river was searched without avail.

SNOW AT THE CAPITAL.—At Madison, on the morning of the 26th inst., the ground was white with snow. It's perfectly natural that a cold snap should follow the adjournment of the Legislature. 'Twould be strange if after the departure of so huge a mass of caloric, there shouldn't be quite a perceptible change in the state of the atmosphere.

☞ The Editor of the Shullsburgh *Transcript* is about going "*Kossuthing.*" So it seems that even this great man is not without his rival.

☞ The Shullsburgh *Transcript* goes into ecstacies over the dramatic representations of J. G. Adams and *troupe*. We are glad to hear that the performances of this company are appreciated *somewhere.*

Removal of the Green Bay Land Office.—The Green Bay Spectator says it "has learned that a secret and well concerted movement is being made to remove the Land Office from Green Bay to Berlin, Marquette Co."

Kaukauna and Appleton Plank Road.—Most of the stock in this Road has been already taken, and the road is to be completed by the 20th of June.

☞ The Sheboygan *Mercury* says that the largest mail ever received at that village arrived there on Wednesday last.

SCHOOL LAND SALES.—The State Board of Commissioners will attend to the sales of School lands as follows:

In Columbia County, at Fox Winnebago, on Thursday, June 17th, 1852.

In Fond du Lac County, at Fond du Lac, on Tuesday, June 22d, 1852.

In Calumet County, at Manchester, on Friday, June 25th, 1852.

In Winnebago County, at Oshkosh, on Thursday, June 29th, 1852.

In Outagamie County, at Appleton, on Thursday, July 1st, 1852.

In Brown County, at Green Bay, on Tuesday, July 6th, 1852.

In Manitowoc County, at Manitowoc, on Wednesday, July 14th, 1852.

☞ The following amusing conversation was heard, a few days, between two youthful candidates for academic honors:

"Bill, spell cat, rat, hat, bat, fat, with only one letter for each word."

"It can't be did!"

"What! you just ready to report phonetically verbatim, and can't do that? Just look here! C 80 cat, r 80 rat, h 80 hat, b 80 bat, f 80 fat."

CITY MATTERS.

By Hook or by Crook.

On the 20th of March last, the Common Council designated the *Free Democrat* as the official paper of the city, elected us City Printer, required us to give $1,000 bonds, in two sureties, for the faithful performance of the work, and passed a resolution that we "be required to do *all the printing and publishing required, or which may be required to be done by the Common Council, or any of the City Officers*, except such as is required to be printed or published in the German language."

At the same meeting we presented our bond, signed by F. J. Blair and Byron Kilbourn, Esqrs., and this bond was *accepted*, and ordered placed on file, where it now remains.

At the next meeting of the Council, an effort was made by the *Sentinel's* friends, aided by the Mayor, to violate the contract of the City with us, displace us as City Printer, and reconsider the resolution requiring us to do all the printing and publishing in English for the City, the present year. The motion failed, the vote standing 6 to 6, as the rules required a majority of the whole Board—8 votes—to reconsider a resolution passed at the next previous meeting of the Board. The record on the motion to reconsider, by order of the Council, stands, "Lost for want of a majority of the entire Board, in accordance with Rule 14."

This action exhausted the power of the Board over this subject—for the Rules require the reconsideration of a vote to be made at the *same*, or the *next* meeting—and left us in full possession of the rights secured to us by our election, by the resolution giving us *all* the English printing and publishing, and by our bond, which the City now holds. The Council, after this disposition of the matter, could no more take the printing from us, than they could annul the election of the Comptroller.

But not satisfied with this settlement of the matter, Ald. Dousman, at the last meeting, offered a resolution authorizing the Comptroller and Clerk to contract for the incidental printing, but the Council promptly laid the resolution on the table.

One would suppose this would end the farce. But it seems the Mayor and Clerk are determined to give the incidental printing to the *Sentinel*, in defiance of the vote of the Council. Soon after the meeting, at which the form of the new City Orders was adopted, the Clerk called at our office and said he wanted some Orders printed at once, and asked our Foreman to call at the Council Room, in the afternoon, to see about the printing of the Orders. He did so, and was told by the Clerk that the Mayor thought they had better wait, that he thought the form was wrong, that it conflicted with the Charter, &c. Sometime afterward, *after* the next meeting of the Council, and after the resolution to authorize the Clerk and Comptroller to contract for the incidental printing had *failed*, our Foreman met the Clerk, and asked him if he had got the Orders printed yet. He answered No. Mr. Ward then asked him, if the form was wrong, why they did not have it altered at the last meeting of the Council. The Clerk gave no satisfactory answer to his question. Yesterday we learned that the Clerk—at whose instigation the public will not be at a loss to guess—without ever coming near us, and against the thrice-repeated vote of the Council, had gone to the *Sentinel* office, and procured two large books to be printed and bound—one of Bonds and another of Orders.

☞ An agent, who should violate the instructions of his employer in business transactions as the Clerk has done those of the Council, would not be retained in his service another day. If the Clerk may do this with impunity, he may re-let to other persons contracts already made by the Council, for any work he pleases. We had supposed the Clerk was the agent of the Council, and to be governed by their instructions. But it seems that we were mistaken,—that he is, at least on the printing question, the humble servant of Mayor Crocker, and the tender of the Jenny Lind Club.

It is a matter of no more consequence to us, personally, than to other tax-payers, that the City is put to this extra expense, if the Council shall vote to pay such unauthorized bills as the Clerk has made for them. We have been authorized and *required* by the Council to do all the printing and publishing in English for the City for this official year. We have been required to give *bonds* to do it, and we have given them. We have held ourself, and still hold ourself ready to do the printing faithfully. And if the Council allow their Clerk to SNUB *their* NOSES, *usurp their places*, NULLIFY *their* ACTS, *and* DEFY *their* WILL, we give the Council and the Tax-Payers full notice, that we shall demand pay for every job of printing and publishing done in English for the City, or for any of its officers, during the year, and that, if the Council declines to pay us, we shall enforce our rights, if necessary, before the highest legal tribunals of the State.

WASTE CHIROGRAPHY.—We have received lots of poetry and other communications recently from anonymous writers, which for aught we know may excellent, but we have no time to waste on those who don't think enough of themselves and us to give us their names. We open all letters addressed to us, and if there is no signature, it goes into the waste box, without reading. Sorry, but the Editor of a Daily paper can't do otherwise. We have to work hard—night as well as day. We write this while our readers are all asleep. If you want to keep your name from us, don't write to us.

Southern Michigan and Northern Indiana Line.—The Sultana and Baltic will be here to run on this lake, in connection with the above line, as soon as they can reach here after their commanders learn that the straits are open. They will probably be here in about a week. We learn also from Mr. CRUMMEY, the Agent for this line, that the iron will be laid down between Michigan City and Daily Town, 12 miles, within 12 days. This will complete the chain of railroad from Chicago to Toledo. This route is 40 miles shorter by railroad, and 60 miles by steamboat, than the Michigan route, making a difference of 100 miles in favor of the Southern route. Passengers can leave here on, say, Monday afternoon, at 4 o'clock, and reach New York Wednesday afternoon, at 9 o'clock—through to New York in 53 hours.

FIRE WARDEN.—The several Fire Wardens meet at the Engine House No. 5, on Saturday evening next, at 7 o'clock, for organization. A prompt attendance is requested.

CRICKET CLUB.—The regular weekly meeting of this Club for exercise, takes place at 3 o'clock this P. M. A punctual attendance is requested.

SOUTHERN MICHIGAN LINE.—It is stated by the Agent here, Mr. Crummey, that the *Baltic* and *Sultana* are the boats to run on this lake in connection with the Northern Indiana and Southern Michigan Railroad, during the present season.

Legal Notices.

See notice of Street Commissioners of the Fifth Ward. While calling attention to this matter, we re-publish two sections of the City Charter:

"Sec. 9, Chap. 3. The Common Council at their first meeting in each year, or as soon thereafter as may be, shall designate not more than two daily newspapers printed in said city, one in English and one in German, in which *shall be published all ordinances and other proceedings and matters required by this act, or by the by-laws or ordinances of the common council, to be published in a public newspaper.*"

"Sec. 8, Chap. 7. The Street Commissioners shall give notice to the owers or occupants of lots which may be deemed injurious to health by reason of stagnant water remaining thereon, IN THE OFFICIAL PAPERS, for ten days, to abate such nuisance by draining or filling such lot within a reasonable time, therein to be specified, and if such nuisance shall not be abated or removed, within the time so specified, the street commissioners shall cause the same to be abated and removed at the expense of the property upon which the same may exist."

The following is the 18th rule of the Common Council, adopted at the first meeting of the present Board, on the recommendation of the Mayor:

"The proceedings of each meeting shall be published under the direction of the Clerk, in one or more of the city papers."

The above Sections and Rule make strange work with the acts of the Mayor, Clerk, and part of the Aldermen. What is the use of having any laws in this city? The Mayor, Clerk and a *minority* of the Board, can *extemporize* or *nullify* laws at their pleasure.—And nobody will suffer for it, but the Tax Payers!

Meeting of the Horticultural Society.

Rooms of Board of Trade, April 27.

Benjamin McVickar, Esq., President in the Chair.

The Charter obtained from the Legislature just adjourned was read.

Mr. Randall offered a resolution, adopting the said charter, and the name of the Milwaukee Horticultural Society. Adopted.

On motion, Messrs. Messinger, Hawley, and Perkins were appointed a committee to draft a Constitution and present it at the next meeting.

On motion, the present officers were requested to continue their services until their successors are elected.

The following resolution was adopted:

Resolved, That provisions should be inserted in the Constitution, having especial reference to the growth and cultivation of ornamental trees in this city, and that our citizens are hereby invited to co-operate with the Society in thus ornamenting the streets, and public and private grounds, and advancing the interests of Horticulture.

Adjourned to Friday afternoon at 2½ P. M.

B. McVICKAR, Pres't.
W. H. WATSON, Sec'y.

FOLLOWING HIM UP.—The real owner of the horse, which the mail robber, John Place, was trying to sell, when arrested on Monday, has made his appearance, proved the property, and taken it away with him. His name is John Austin, and he resides at Troy, Walworth county. It appears that one week ago last Saturday, this John Place rode with Mr. Austin from Johnston to Troy, and noticing perhaps that he had a fine span of horses, selected the one which he thought would suit him best, but deferred taking him until Friday night last, during which he brought him to this city.

Dep. Sheriff Page has received a despatch from Illinois, informing him that the Marshal would shortly be here after this Jail breaker, to convey him back to his former place of confinement.

EXAMINATION.—The examination of Prof. Buck's scholars has been progressing for several days, and we understand that much interest and attention have been manifested. The Anniversary exercises take place to-day. A debate on the following question will be had this afternoon: "Whether Cromwell was a tyrant, and whether his career was prejudicial to the liberties of England." Debaters, A. Dawson, J. F. McMullen, J. H. Egar and H. M. Finch.

☞ A portion of Spring Street begins to present a decent and cleanly appearance and the remainder will soon, weather permitting.

SERENADE.—We were treated last night to a Serenade of the most delightful music that we have ever heard from any band in this city. Benisons on the agreeable company.

Sudden Death.—We are pained to relate the sudden death of William Walker, Jr., an exceedingly active, intelligent and promising boy of 15, which took place off the mouth of East river, on Saturday afternoon last. He was in a canoe, hunting ducks, and being suddenly seized with a fit, (as was evident from the appearance of the body,) fell into the water and expired. His body was recovered on Sunday morning, and buried on Monday. The funeral was attended by a large concourse of people.—*Green Bay Spec.*

The Fisheries.—At Depere, they are putting up from 35 to 50 barrels fish per night, and expect to have 1500 bbls. ready for shipment by the 10th of May. Albright & Crosby have nearly a thousand barrels in store, and will probably have five or six hundred more by the first of June. The fishermen "down the Bay," have had rather poor luck through the winter, but their Spring prospects are exceedingly flattering.—*Green Bay Spec.*

☞ The Hartford Courant gives the following left-handed compliment to the late Charge to Nicaraugua:

"The Day Book intimates that Mr. E. G. Squier has left the Whig party, and taken Senator Douglas under his special protection. If Squier does not prove destructive to Douglas's prospects, he has changed since he left these parts. He is bad enough as an enemy—as a friend, he is fatal."

Squier published the most dirty, blackguard campaign Whig paper, in Hartford, in 1844, which ever disgraced Connecticut, and left suddenly, if our memory is correct, to avoid the consequences of an *emeute.*

IMPORTANT DECISION.—Judge Hurd, of the Supreme Court of Ohio, has decided that the State of Ohio, by granting a Charter for a railroad from Columbus to Zanesville, very clearly granted the right of way over the canal, which of necessity must be crossed in making the road. The Judge held that if the Legislature had the power to grant the right of way over the lands of private individuals, who derived their title from the United States Government, they had the power to grant the same right of way over the land belonging to the State. It will be recollected that the Board of Public Works of Ohio enjoined this road from proceeding with the work, on the ground of the unconstitutionality of the charter which authorized it to cross the canal.

GARDEN SEEDS.

From the Horticultural Garden of
J. D. ZOCHER & VOORHELM SCHNEEVOOGT, Florists and Horticulturists, Harlem, Holland.

THESE truly fresh, prime and reliable Garden Seeds, of the crop of 1851, are from one of the most celebrated and extensive Horticultural Gardens in the world. They are of superior sorts, and have been carefully selected by the proprietors, from the best and most vigorous plants—all, not strictly perfect, being rejected by them.

Each paper has the year printed on it when the Seed was raised, so as to secure the purchaser against imposition of having old seeds palmed off upon him for new—a practice hitherto much complained of. It stands to reason, moreover, that when Seeds are distributed early in the fall, (and before the new crop can possibly have been gathered,) put up and delivered, they must, of necessity, be old seeds!

Orders for Garden Seeds, Fruit Trees, and Bulbs, comprising every variety of

Also, Standard Rose Trees, Shrubbery, and Bulbous Flower Roots, if addressed to the subscriber, by letter, pre-paid, will be forwarded by him to the house in Harlem, and promptly and carefully executed. Whig Blunders.

It is, perhaps, exposing ourself to criticism, to speak of such a thing as a Whig Party in the late Legislature. And yet, at the opening of the session, there was *something* that claimed to be a Whig party. And with proper foresight, concert, and ordinary sagacity, this party might have controlled the legislation of the body, and the election of the public officers.

The partial success of the Whigs, at the last election, was owing to the aid of the Free Soilers. They helped make Farwell Governor, gave them a plurality in the Assembly, and, with their own members, would have made a majority on joint ballot. And the candid and shrewd of all parties supposed, as a matter of course, that the Free Soilers and Whigs would work together thro' the session. And had the Whigs manifested a friendly disposition, and elected Judge Spooner, instead of A. T. Gray, Clerk, they might have secured this result. But—as if bereft of all sense—they chose a Clerk from among their sworn, life-long enemies, who, of course, used the power they gave him, to strengthen the party from which they had nothing to hope, but everything to fear. This was committing suicide without any provocation,—resigning themselves to death, just when their prospects of life were brightest. This act lost them all. It was throwing away every advantage gained for the party by the last election. They had cast off those who had befriended them in the hour of their need, and committed themselves to the tender mercies of their implacable foes.

As the Whigs had determined to destroy themselves, after fair warning, the Free Soilers concluded to let them go their own way, and they would go theirs, and act independently. And though the Whigs did, through the bad management of the Democrats, elect two members of the Board of Public Works, yet this election did not strengthen their hands any. It took all the starch out of the member elect from the Assembly, so that when his vote was most wanted to sustain measures vital to the interests of the Whig party, he was very apt to be absent, or to be found voting on the wrong side—for some trumped up claim, for instance, without a shadow of right, which had been rejected on a full investigation, by a former Board of Commissioners. And so on to the end of the chapter.

The true policy of the Whigs would have been to have opposed all such claims as those of Reynolds and McNeil; to have insisted on a thorough examination of the affairs of the late administration, including the management of the Improvement and of the State Prison; to have maintained a rigid economy in all public matters, and to have sustained the Governor in his efforts to advance the best interests of the State, and to maintain the Constitution and laws. But instead of this, they went off in a tangent on this local question, and on that, on the Union Valley project on the Northern Improvement swindle, on the Reynolds and McNeil grants, and, in fact, on pretty much every track where the hunkers set a bait for them. And what little power the Governor had, in the way of appointments, the Whigs voted to take away, and it was only through the magnanimity and good sense of the Democrats of the Senate, that the appointment of State Prison Commissioners was restored to the Governor, after it had been taken away. It was so all through the session. The Governor was supported by Democrats, about as much as by Whigs.

The conclusion we come to, is this. The Whigs don't know how to improve, or preserve their advantages, and, as a party, are incapable of taking care of themselves. No party ever had a brighter prospect before them than they had, at the opening of the session. And no party had ever more completely "fizzled" out than they had, at its close.

As for the Governor, throughout he acted impartially, for the best interests of the people, treating all parties fairly, showing himself to be the Governor of the people, rather than the chief of a party. And had the Whigs sustained him, it might have been their salvation. As it is, nobody respects them, or cares for them.

Oberlin College.—Our present term began Feb. 25, since which time 530 students have settled their bills at the office, preparatory to entering upon the duties of the Institution. Of this number 259 are young ladies.

The friends of the College have reason to be both gratified and grateful in view of its prosperity. The number of new students is increased beyond all former precedent, and more are still coming. As yet we do not learn that the place is full; all seem to find room and board without much difficulty.

Good order and studious habits characterize this mass of youthful students, and some of them, we are happy to say, are giving serious attention to the great, soul-saving truths of the gospel.—*Ob. Evangelist.*

New York and Boston—Six and a half hours.—Another land route between New York and Boston will be put in operation during the present year. Responsible parties have agreed to extend the Norfolk County Road (running from Boston to Blackstone) from Blackstone to Dayville on the Norwich and Worcester Road. The new road will be about twenty-five miles in length, and the Norwich and Worcester guarantee from Dayville to the State line. The New Haven and New London Road will be completed in June, and this with the New London and Williamantic Road, with which the Norwich and Worcester connects at Norwich, will make a continuous Railroad route between the two cities, some twenty miles shorter than the route via Springfield. It is anticipated that by this route, next November, passengers will be take between this city and Boston in six and a half hours.—This will make probably as near an air line road as we shall ever have.—*New York Tribune.*

A Hunker's Regrets.

The Kenosha *Democrat*, in an article on the recent vote in Congress on the Compromise Measures, indulges in the following Jeremiad:

"It is a matter of regret to us that among the votes found recorded against this resolution are those who profess to represent, in the lower House of Congress, the Democracy of Wisconsin. The Democracy of this State virtually placed their opinions on the record with regard to these measures at their last State Convention, and the course of our Congressmen gets no justification from them. Dodge, Doty, and Eastman, as Democrats, stand almost alone among the panderers to the anti-slavery agitation. Is it possible that they have before their eyes the fear of the few hundred impotent men in this State who sold out to the Whig party last November?—If so, they are diving from the solid earth after the merest shadows, in water beyond their depth. Wisconsin is not really as far behind the rational and popular political sentiments of the Union as they may suspect—and we don't doubt to see that thing demonstrated when the proper trial time arrives.

Of the Wisconsin delegation, Isaac P. Walker has acted a part worthy of his party and his position. He has done what he could to set his constituency right before Congress and the country. Instead of dogging an insignificant faction, with the ludicrous design of making for himself political capital and popularity, he steps off independently to the front of the Democratic ranks, and performs his part manfully as a captain of the Democratic host.

Why should *not* our Congressmen, our home candidates, and the Democratic press of the State endorse the compromise—heartily?"

We answer this question by saying, that if they did, they would violate all their professions and pledges, and the feelings and wishes of nine tenths of their constituents. The *Democrat* has another long article on "Slavery and the South," which is a repetition of the old, stale, pro-slavery arguments which were exploded fifteen years ago. To show how the Editor mingles truth and falsehood we need only state that he represents the spirit of Freedom as working its way up to the establishment of an Emancipation Journal [Clay's] in Lexington, and that after that, Northern Abolitionists stepped in and rolled back the Anti-Slavery movement. The *Democrat* is published in too intelligent a community to deceive a great many people.

Sam. Houston and Gen. Cass.—The N. Y. *Times* tells an anecdote which it says Sam Houston retailed to Gen. Cass, during the exciting week preceding the Baltimore Convention in '48. The story reads very well, but Sam's narrative powers are capital, and it would have been worth considerable to hear him tell it:

Sam, it will be remembered, then stood a pretty fair chance of being 'Polk-ed' into the nomination under the operation of the two-third rule. Meeting the Senator from Michigan on Pennsylvanian-avenue one fine morning, the hero of San Jacinto 'buttoned' him for a brief comparison of rival hopes.

'Well, General!' said Sam, 'I suppose you are prepared to start on the road to the White House.'

Gen. Cass.—'Well, really, I must confess it looks as though I should be compelled to turn face in that direction. I am heartily tired of public life, and have no aspirations for the Presidency. And, besides, you know my wife is a member of the church, and she dreads the thought of the White House. But, if the Convention *force* the nomination on me, I shan't back out, and desert the party, much as I would prefer the selection of any body else who can successfully uphold the Democratic banner.'

Sam.—'Ah! Yes! yes; General. You remind me very *forcibly* of a boy down our way, who went home one night awfully corned. His doting mother, poor soul! was much grieved at his condition, and, in tones of deepest concern, inquired 'how on airth he had fallen in to so bad a habit?'

'Wa-al, mother,' hiccuped Bill. 'I was [hic] down at the cor-[hic]-ner, and the poli-[hic]-ticianers forced it on me.' This was not sufficiently clear to Bill's mother, who, urging her son not to add falsehood to indiscretion, repeated her question.

'Wa-al, now,' said Bill, as a ray of penitence broke upon his clouded vision, 'the truth is, mo-[hic]-ther, Dick Jo-[hic]-nes forced the cus-[hic]-sed stuff down my (hic) throat, and I took it (hic) d—d easy.'

Just then General Cass started down street, leaving his button and Sam Houston behind—the latter's mouth spreading the while in a most indescribable grin.

Presidential Candidates.

It is well to know how our prominent politicians are estimated abroad. The *Westminster Review*, for January, has the following notice of four of them:

"Of Mr. Clay's speeches, there are several editions; and the 'Works of Daniel Webster,' embracing his forensic arguments, speeches, and State papers, are announced at Boston, in seven large octavos. Clay and Webster have been forty years leaders of two divisions of the Whig party. Clay's speeches disappoint, and whoever reads them is astonished that so little thought has been evolved by a person so celebrated and powerful, while the student of Webster is amazed that the reputation and authority, supported by such an intelligence, have not overspread his country. The secret is one of character; the Kentucky Senator has tact, and an indomitable will, but the wisdom of the Secretary of State, however practical in great affairs, is not guided by either of those qualities, so indispensable to the ambitious politician. For more than twenty years, Mr. Webster was constantly opposed by Mr. Calhoun, the champion of State rights, of Slavery, and of Free Trade; and the occasional conflicts these two illustrious men make the epoch in the history of the Senate. But nothing is more certain, though the South will hardly admit it, that Mr. Calhoun was the least powerful dialectician. His chain of argumentation was to Webster's, as shining tissues of attenuated glass to the large close twisted glittering strands of steel, with which the 'expounder of the constitution' supported himself, and bound his antagonists.

The veteran statesman, Thomas H. Benton, is preparing "Historical Memoirs of his Life and Times." He is now seventy years of age, and for half a century he has been an active participant in public affairs. He was thirty years a Senator from Missouri, and in that period, very few exercised a more powerful influence on American institutions or policy. The increase of his strength, as well as the insrease of his fame, has been gradual and regular. He has been from his youth a student. To every question which has arrested his attention, he has brought all the force of his understanding; and what he has acquired by patient and painful labor, he has to an astonishing degree, retained, after the occasions which made it necessary have passed. At a period much beyond the noon of other men, he was still rising. He was of the age at which Cicero achieved his highest trimphs, before he displayed the fullness and perfection of his powers. With his extraordinary experience, his faithful and particular memory, and wisdom which is master of his temper, he is, perhaps, before any man of his time in the requisites for such an undertaking as that which for the last year or two has occupied his attention. The work will be published, in four or five volumes during the next year. Collections of the political writings of General Cass, Mr. Buchanan, and others, who are candidates for the Presidency, are also announced.

Accidents.

Waukegan, April 27—6 P. M.

Our usually quiet village has been somewhat startled by an occurrence which transpired yesterday. A Miss Warren went into the store of D. S. Dewey and threw in his face and eyes two ounces of oil of Vitrol.—One eye is entirely destroyed, and fears are entertained that the other is irreparably injured. The perpetrator of this flagrant outrage has been committed. She refuses to reveal her motive, but it is known that she supposed that he had circulated reports to her injury.

Pekin, Ill., April 26.

Steamboat Explosion on the Illinois River.—On Sunday morning, at 9½ o'clock, the steamer Prairie State arrived at our wharf from the South. In about ten minutes after, the Avalanche came in under full press of steam. The Prairie State soon rang her bell and rounded out, but before she had got her head fairly turned down stream, one of the flues of her starboard boiler collapsed, blowing out both ends, and making terrible havoc.

The following is a list of the killed, wounded and scalded:—B. Wilson, Assistant Engineer, killed. A deck passenger killed—name unknown. Mr. Goddard, merchant, from Peru, killed. Other persons, whose names are unknown, were drowned and their bodies have not yet been recovered. W. F. Chess, fireman, scalded. A German named Songar, was badly scalded. A fireman terribly mangled; John Page and John Green deck hands, scalded slightly; D. K. Williams, deck hand, scalded badly, died this morning; a woman named F. Cartwright, with three children, on her way to Iowa, all slightly scalded. Wm. Cartwright, belonging to the same family very badly scalded; John Barnes scalded badly, but will recover; Wm. Miller, the cook, scalded slightly.

Several other persons—names not known—were slightly scalded, but are not considered dangerously injured.

The Avalanche was just on the point of backing out when the flue of the Prairie State collapsed. She immediately ran down and towed the unfortunate boat to the shore. The wounded were taken on shore and the citizens rendered all the aid in their power.—The wood work of the boat is but little injured. The flues of the boiler are completely blown out at both ends and the engine is very much shattered. Capt. Ryder was not injured, nor was the Clerk.

Mr. Dean's Speech at the closing of the Senate.

Hon. E. B. Dean, Jr., President *pro tem* of the Senate, in the absence of the Lieut. Gov. replied as follows, to the resolution of thanks offered him by that body:

Senators—The end of a long and eventful session is at hand, and in the absence of our respected President, it devolves upon me to say a parting word in response to the kind sentiment which you have just expressed.

For ninety-seven days, we, assembled as the State's collected will, have been co-laborers in the high and responsible work of legislation. The passage of over six hundred acts attests our industry, and I trust to the future to demonstrate that this labor has not all been in vain.

The career of legislation is ended, but the gratification afforded by the termination of labor and the return to our families, hath yet the alloy of pain and regret which harmonious deliberation and courteous intercourse give to our separation. Rival local interests and diverse political opinions have elicited heated debates, and have occasionally placed us in antagonistic positions. But I am happy in the belief that all have been moved by a sacred regard for the constitutional oath of office, a full sense of representative trust, and an honest desire for the advancement of the best interests of the State. And now, gentlemen, before I pronounce the word which will dissolve this Senate, and disperse us to our widely separated homes—resolving us into that body from whence came our power and our honor—allow me, in behalf of our absent President and for myself, to return to you thanks, *heartfelt thanks*, for your generous confidence and uniform indulgence.

Gentlemen—May you be happy and blessed in your homes, prosperous in your business, and receive from your respective constituencies, the worthy representative's highest meed—*well done good and faithful servant.*

For the Removal and Permanent Cure of all
NERVOUS DISEASES,
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,
is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging, and physicking the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than

75,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the **GALVANIC BELT** suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction.'

CURE OF

RHEUMATISM, BRONCHITIS, AND DYSPEPSIA

REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and exalted reputation:—

Sidney, New Jersey, July 12, 1848.

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse nor could I obtain permanent relief from any course of medical treatment whatever About *fourteen* years since in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year caused me indescribable anguish. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To my great astonishment, in two days my Dyspepsia had gone; in eight days I was enabled to resume my pastoral labors, nor have I since omitted a single service on account of the Bronchitis; and my Rheumatic affection has entirely ceased to trouble me. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, with happy results, I believe in every case.

I am, dear sir, very respectfully yours.
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE

Is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S
GALVANIC BRACELETS

Are found of vast service in cases of Convulsions or Fits Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

☞ Many hundred Certificates from all parts of the country of the most extraordinary character can be given, if required.

☞ No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate, with perfect ease and safety In many cases the sensation attending their use is *highly pleasant and agreeable.* They can be sent to any part of the country.

GREAT WORK ON CIVILIZATION.

This valuable work, has just arrived at
C. OTT'S BOOKSTORE.
It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:

"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matters of which it treats."—*Truth Teller.* april 22

GREAT WESTERN
STOVE DEPOT!
Nos. 87, 89 and 91, East Water street,
MILWAUKEE,

THE subscribers having been appointed agents of the *PRESQUE ISLE IRON FOUNDRY*, (the largest Stove manufactory in the United States,) are prepared to offer to the trade, and to retail customers
A better article of Stoves
and at LOWER PRICES, than can be bought at any place west of Albany.
From an experience of ten years in the Stove business in Milwaukee, we have learned what kinds are best adapted to the wants of this country, and have no hesitation in saying, that in point of style, utility and durability, the
PRESQUE ISLE FOUNDRY STOVES
excel all others brought to this market The designs and patterns are neat and tasteful, and being run from the blast, are not as liable to crack as those run from the pig, for the reason that the latter receives one more melting than the former.
Among our Cooking Stoves may be found the LION and PRIZE, two Stoves that stand without a rival among the "Air Tights" The Lion is a diving three flue stove, with two tops, one for barrel or fire pail kettles, and the other for boilers, tea-kettles, pots, &c; also, the KEYSTONE and CHAUTAUQUE FARMER, with elevated ovens. The Keystone is regarded by all who have seen it as the finest specimen of a cooking stove ever presented to the public, and the fact is attested by the large number sold.
The Chautauque Farmer, was designed expressly for the farmers' use, it having no inside or division plates, making the fire-place large and not liable to burn out.
Of the above mentioned Stoves we might give over 500 certificates, proving their good qualities, from persons who have used them; but as we guarantee them to be the best in use, we do not deem it necessary. We have also every variety of
Premium and Double-Oven Cooking,
From No 1 to 6; also a great variety of
AIR-TIGHT PARLORS!
of splendid patterns, with and without folding doors, together with an endless variety of
PLATE AND COAL STOVES,
all of which we respectfully request you to call and examine before purchasing
